#### READ THIS BEFORE ORDERING

We use the greatest possible care in keeping our stock true to name, and will replace free, or refund your money, on any stock that proves otherwise. However, we do not guarantee the growth or germination of bulblets, as this depends on how they are handled by the buyer. Our Glads are always grown on soil that has never had bulbs grown on it before, and by this method insure the fact of having all stock healthy, vigorous and as true to name as stock can be grown.

#### SUBSTITUTION

If the size of the bulb ordered is sold out, we will send the value of your order in the next smaller size, unless you request us not to do so. We never substitute one variety for another without your consent. If we are out of a variety ordered and you have given no second choice, your money will be refunded.

Early orders prevent to a great degree substitutions and disappointments.

#### TERMS AND SPECIAL DISCOUNTS

All prices in this list are PREPAID anywhere in the United States and Canada. TERMS!! Cash with order or bulbs can be sent C. O. D. if 25% of cash accompanies order. For 250 bulbs of a size and kind the 1,000 rate applies where listed; 25 or more bulbs at the 100 rate. You may select extra bulbs free to the extent of 5% of your order on CASH orders of \$5.00 to \$15.00 On orders over \$15.00 select 10%. Bulbs shipped East with weather conditions governing.

When there is a figure before prices (as 3-.20, 4-.20, etc.) it means three bulbs for .20 or four bulbs for .20, as the case may be.

This Bulblet offer not to be	in-

cluded in special discounts.

The State of Washington compels by law that growers' stock be inspected in storage. This guarantees to buyers a clean, healthy bulb.

THRIPS!!! The curse of the gladiolus growers in some sections of the country, has made no appearance as yet in the Puget Sound country.

YOU ARE SAFE IN BUYING FROM ANY PUGET SOUND GROWER.
